## THOUSANDS WITNESS BURIAL OF NAVY DEAD

### CENTRAL PRESBYTERIAN REVIVAL STARTS WEDNESDAY

#### Choir Director Arrives For Meeting in Mexia

Mr. Charles Croxton of Fort Worth, who is coming to lead the singing in the revival at the Central Presbyterian church, North McKinney and Carthage streets, June 18-20 arrived in Mexia today. A rehearsal of the chorus choir is called to meet at the church this evening at 8 p. m. Many people have volunteered to sing in the choir. Mr. Croxton desires children, young people, and adults to assist him. Especially all children are welcome to come and sing.

It is not necessary to have a trained voice to join the choir. Anybody who can carry a tune and is willing to sing for the Lord is urged to come, and be present at this first rehearsal.

Mr. Croxton comes from a famous family of musicians. His father is a prominent teacher of voice in Fort Worth. His brother is Frank Croxton of New York who sings at the Brick Presbyterian Church of that city, and is one of the "Eight Famous Victor Artists" and has been a singer for the Victrola. Charles Croxton, who leads our singing, has been engaged extensively in evangelistic singing. He is not only a talented leader but has a remarkable baritone voice for solo work. He is a Southerner, a native of Lexington, Ky., the heart of the blue grass region.

Dr. L. D. Young will arrive in Mexia to conduct the first service Wednesday night.

#### TEXAS TABLOIDS

HOUSTON, Texas, June 17.—The weather man was called on for testimony in a damage suit here and asked whether the wind blew north on January 9, 1923. His word was wanted in a suit growing out of a grass fire.

SAN MARCOS, Texas, June 17.—The curiosity of Joe Dickens, Jr., three years old, cost one of his thumbs when he stuck his hand in an electric clothes wringer and turned on the power. One of the child's thumbs was torn off before the machine could be stopped.

EL PASO, Texas, June 17.—J. C. Frazier's "half man, half devil" which he advertised as a mummy discovered by a cowboy in the Organ mountains, hereafter will be on display in the Alamogordo jail, according to word received here. Frazier who left here recently with the mummy on a tour of the country, was arrested and fined for displaying fake goods, according to Alamogordo police. The "mummy" was a combination of paper mache and excelsior, it was charged.

#### Washerwoman Sues R. R. For Damages

HOUSTON, Texas, June 17.—Altering her pretty yard, garden and newly painted house were damaged by a locomotive of the G. M. & S. A. standing on a truck nearby, a washerwoman by the name of Lee Porton is suing the railroad for \$600 damages.

\$100 is asked for damage to her business of washing. She alleges that the clothes from a hotel were on the line at the time, and that the "flood" of grease, soot, and slime from the locomotive ruined the clothes and caused the hotel to shut her off as their washerwoman.

#### A NEW ONE

HOUSTON, Texas, June 17.—A feeble old man walked slowly into a small downtown cafe.

"I haven't enough money for a cup of coffee. Can I have a glass of water?" asked the old man hesitatingly of the burly waiter who leaned nonchalantly against the counter.

Without a word, and scarcely a glance, the waiter pushed out a glass of water, followed by a cup of coffee, a sandwich and a piece of pie.

"Aw go on an' eat," said the waiter gruffly as the old man feebly protested. "You'll hurt my feelings if you don't."

So the old man did.

CHARLES CROXTON

Mr. Croxton is to direct the choir at the Central Presbyterian church revival. He is from Ft. Worth, and a member of one of the great choirs of that city.

#### MEETING CALLED ON COTTON MILL FRIDAY MORNING

J. K. Hughes, president of the board of director of the Mexia Cotton Mills, announced this afternoon that there would be a meeting of the stockholders in the mill, and the interested public at the Huntington hotel Friday morning at 10 o'clock. He urges that all stockholders and any others to be there for the very important business session. The session will be held in the hall formerly used for banquet purposes.

#### NEWSBOY IS INJURED PECULIAR ACCIDENT

DALLAS, Texas, June 17.—Marvin Puett nine year old news dealer here was severely lacerated on the left leg when a street car split the switch, knocking an automobile against a light pole and pinning the boy between the machine and the pole.

The youngster, according to bystanders suffered stoically for ten minutes with his leg cut to the bone before he was extricated.

#### PARIS ACCEPTS DAWES' PLAN UNRESERVEDLY

PARIS, June 17.—France accepts the Dawes program for settlement of reparations unreservedly, but owing to conditions in Germany she cannot evacuate the Ruhr before Germany fulfills guarantees laid down in experts reports, Premier Herriot told the Chamber of Deputies. The new government opposes the "hostile policy of force and occupation of enemy territory," he said.

#### FORD LOSES VALUABLES TO BURGLARS

DETROIT, June 17.—Burglars broke into the home of Edsel Ford and escaped with one hundred thousand in jewelry, is learned. The home was temporarily vacant while the Fords were away.

#### MERCHANTS WILL EXHIBIT

SAN ANGELO, Texas, June 17.—Fifteen business houses have announced they will enter barges in the water pageant to be held here in connection with Sheep and Goat Raisers association meeting June 24-25.

#### ASYLUM INMATES CAPTURED

SAN ANTONIO, Texas, June 17.—Chalk up one for old friend bloodhound. Two escaped inmates of the insane asylum here, were captured after bloodhounds had actually trailed the two in to a tract of timber.

#### DALLAS HAS EARLY MORNING BLAZE IN BUSINESS DISTRICT

DALLAS, Texas, June 17.—Fire breaking out in the downtown business district early this morning did damage estimated at more than \$50,000 and several times threatened the Southland hotel before firemen brought it under control. Eight business houses were damaged and the entire block was threatened.

#### MAGNUS JOHNSON FARM - LABOR CHOICE FOR SENATOR

ST. PAUL, Minn., June 17.—Magnus Johnson walked away from Communist opposition and will be the farmer-labor nominee for United States Senator, according to early returns from the State primary today.

Johnson will run against Ole O. Sageng, or Judge Oscar Hallum as the Republican nominee. Hallum had a lead of more than 10,000 over Sageng at an early hour, but the latter is expected to pick up a lead on country returns.

Thomas D. Schall, Tenth district congressman, seeking the Republican senatorial nomination, was also ahead of Sageng on early returns. The tabulations so far, however, contain mostly Twin City and Duluth votes, where Hallum and Schall had their strength.

Theodore Christianson, Dawson publisher, was leading the Republican field for the nomination for Governor. Curtis M. Johnson was next and Mayor George M. Leach of Minneapolis, close behind.

#### Communists Threaten 3rd Party Convention

By PAUL R. MALLON (United Press Staff Correspondent)

CONVENTION HALL, ST. PAUL, Minn., June 17.—Communists threatened to break up the "third party" convention just as it got under way here today.

A bloc of ten delegates—which Senator Robert M. LaFollette says represents the Moscow International—jammed the plans for farmer-labor organizers in the convention which was called to bind the so-called radical groups of the Nation into a new third party.

Pre-convention organization was held at a complete standstill by the Communists who desire action on their own program.

Their wrath was first aroused when leaders of the State farmer-labor parties of the Northwest decided that they must enter the convention under the guise of trades unions and not as representatives of their Communist parties.

The resultant clash brought forth so much fire works that convention leaders argued to let the Communists appeal to the floor of the convention and there fight out their case.

Of the three pre-convention committees that have been functioning for the last three days, the Communists have jammed every one that not one of them can make a complete report. The organization committee is tied up over a play of launching the proposed third party; the platform committee can not agree on a draft and the nomination committee is deadlocked over the plan of advancing the presidential candidacy of LaFollette.

#### FIGHTS AND FIGHTERS

NEW YORK.—Floyd Johnson stopped another foreign invasion last night when he scored a technical knock out over Andreas Balsa, Spanish heavyweight, in the third round of their fight at the Queensboro A. C.

CHICAGO.—Dave Shade, of California, now making New York his home, scored a 10-round win over Warrnie Smith, Oklahoma cowboy, in the main event of a boxing program at East Chicago last night.

#### WACO MANAGER AT OUTS WITH CITY DADS AND QUILTS

WACO, Texas, June 17.—J. B. McCauley, Waco's first city manager, who assumed his duties six weeks ago at a salary of \$8,000.00 per year has resigned declaring he believes the city manager plan is the most efficient and economical plan but that "my ideas are not in accord with that of the city commission as a whole."

#### POISON MISTAKEN FOR FLOUR AND 10 PRISONERS ARE ILL

JEFFERSON CITY, Mo., June 17.—A new cook at the prison farm near here mistook a sack of poison for flour, and mixed it in biscuits he was preparing. H. C. Smith, superintendent, and ten trusty prisoners were made seriously ill and are undergoing treatment at the prison hospital. Prison officials say there was no question but what the poisoning was an accident as the cook ate heartily of the biscuits and was made sicker than any of the others.

#### BRITAIN AND MEXICO GETTING TOGETHER

MEXICO, CITY, June 17.—Peaceful settlement of the dispute between British Diplomat Agent Cummins and the Mexican Government appeared in prospect today.

The diplomatic corps met at the British legation and held a long discussion of the case, causing a report that the Foreign Office in London probably will advise Cummins to ask for his passports and leave peacefully in compliance with the demand of President Obregon.

#### RANGERS TO DENTON WATCH NEGRO TRIAL

AUSTIN, Texas, June 17.—By direction of the governor a detachment of State Rangers will be at Denton tomorrow to watch during the trial of a negro, charged with criminal assault on a white woman. Rangers were requested by Sheriff Swinney of Denton county, who said in a telegram to the governor that "feeling is high and threats of lynching have been made."

#### SMUTS TRYING TO COME BACK

LONDON, June 17.—General Jan C. Smuts, whose Government fell recently in South Africa, has made the fight of his life to regain office at the national elections. Defeat of the General by a small majority was predicted in Capetown dispatches today, although the issue was clearly in doubt.

#### WATCHING THE SCOREBOARD

Yesterday's hero—The veteran Harry Hooper. He cleared the bases with a home run drive so that his team won by a one-run margin.

The Giants increased their lead in the National League to a game and a half by defeating St. Louis, 7 to 1.

Pitcher-Lil Stoner of the Tigers, pitched shutout ball against the Red Sox, Detroit winning 3 to 0. Heilman, batting leader, failed to get a hit.

Ernie Johnson, who has been filling in ably at short for the champions, knocked one in the ninth and the Indians beat the Yanks, 2 to 1.

Boston hammered the Pirate pitchers hard and won the opening game of the series, 9 to 4.

In a game featured by circus catches, the Brooklyn Robins beat Rixey and the Reds, 5 to 2.

The veteran Alexander, who has been getting great guns this season, was driven from the mound by the Phillies, who beat the Cubs, 8 to 3.

St. Louis made it two straight over the Athletics. Collins got a homer in the seventh with the bases full and the Browns made twelve hits to win, 10 to 2.

Hopper's home run with the bases full helped the White Sox beat the Senators, 9 to 8.

MOVIE CZAR AND MONDELL

Will Hays, former Postmaster General, greeting Chairman Frank Mondell at the Cleveland show.

#### MEXIA DAILY NEWS BEHIND MOVEMENT TO ERECT ARCH ENTRANCE TO HUGHES PARK

W. K. Boyd, president of the News Publishing Company, today announced that the local daily newspaper, in encouraging and fostering the development of Hughes park, has opened a subscription fund for the purpose of raising finances to provide an arch at the entrance of the park. The ladies of the Civic League will be consulted as to the kind of an entrance, the location and other details. Early ideas, however, are that the entrance should be in keeping with the beauty

of the park, as later to be developed, be electrically lighted, bearing the words "Hughes Park" and have other suitable inscriptions in bronze on the posts.

Quite a number of the leading business men of the city have been consulted about the plan, and they are eager to see it carried to success.

Mr. Boyd states that the proposition will be pushed right on through without delay and invites any desiring to co-operate to signify the amount of their subscription to the cause.

#### Freestone Citizens Plan Development Of County Roads

A meeting of about 200 good roads enthusiasts was held at Fairfield Monday. The purpose of the gathering was to confer on plans to build the new roads of the county provided by the million dollar bond issue voted late last year. A committee was selected to go to Austin to consult further with the State Highway Department regarding the improvements. The bond issue provides for about 80 miles of splendid roads it is understood. These roads, it is believed, will have much to do with the development of the county by the wildcat.

#### LUFKIN EXTENDS LIGHT SERVICE

LUFKIN, Texas, June 17.—Extensive improvements to its system are being made in East Texas by the Texas Power and Light Company. This company has recently acquired the Lufkin and Crockett light plants and has high pressure transmission lines under construction between Corsicana and Tyler and Palestine.

#### LEGION TO MEET AT NOWLIN HALL

The American Legion will hold its regular meeting tonight at the Legion Hall. New members will be received and other business will be attended to. A most interesting session is promised and a full attendance is urged.

#### MEXIA MEN AND WOMEN ANXIOUS TO GO TO N. Y.

H. O. Tatum, alternate delegate to the National Democratic Convention to be held in New York City, was here from his home in Wortham today. He states that he does not expect to go to the big Garden but that he would certainly like to. He is receiving letters by the dozen indi-

#### Limestone Has Proposition At Democratic Polls

The ballot to be considered in the coming Democratic primaries was made out Monday for the voters of Limestone County. It is a truly "long ballot" with spirited contests promised in practically all of the offices.

The people now know whom they are to vote for or against and it is not believed that there will be much "writing in" of the names of others for the contested offices.

Those keeping a close eye on the political situation assert that there is to be a united effort on the part of the bootleggers and lawless element of the county to put their men in office. In case this is true, it will prove that an issue "considered dead" has revived and the prohibition question is real not only in Limestone County but in many counties of the state and the nation as well.

#### SEEK "BURGLAR DOG"

SAN ANTONIO, Texas, June 17.—Police are searching for a "burglar dog" believed to have acted as lookout while his young master, with two other boys robbed the office of the Citizens Transfer company here. The dogs tracks were found intermingled with the bare footprints of three boys. Police believe the dog stood guard while the boys robbed the office.

#### THE WEATHER

Texas.—Tonight and Wednesday generally fair and continued warm.

#### Flowers Heaped Above Caskets Of Victims On Ship

SAN PEDRO, Calif., June 17.—On a board field on a high bluff overlooking the Pacific, silent thousands witnessed the last solemn funeral rites for the battleship Mississippi's dead. Flowers sent from every part of the country were heaped high on the caskets as chaplains said the funeral services. Vice Admiral Wilson paid a stirring tribute to the men who "died at the post of duty."

#### MAN FALLS EIGHT FLOORS AND IS FATALY INJURED

DALLAS, Texas, June 17.—Raymond Owsley forty, was fatally injured Monday afternoon when he fell eight floors down an elevator shaft in the Sanger Brothers building here.

Owsley was an employee on the Otis Elevator and was tearing out an old elevator preparatory to installing a new one when he slipped and was precipitated into the shaft. Owsley died soon after reaching the hospital.

#### PRISONERS MURDER OFFICER; ESCAPE

FORT WORTH, Texas, June 17.—A search is on for two alleged automobile bandits who shot and killed Deputy Sheriff Joe Morgan of Muskogee, and bound John Barger, another officer, to a tree. The officers were returning with prisoners in an automobile when one seized Morgan's gun and killed him, bound Barger to a tree and fled.

Bill and Babe Lawrence were indicted by the grand jury on a charge of murdering Morgan. Both of the escaped men are traveling in a Buick car and officials throughout the state have been notified.

#### E. N. HURLEY BEING GROOMED FOR V. P.

NEW YORK, June 17.—E. N. Hurley, chairman of the shipping board during the war, is being quickly groomed through different state delegations as a possible candidate for the vice presidential nomination. He is believed to be the strongest rival for Dawes. Hurley is a former railroad engineer and would be favorable to the union labor vote. Hurley is a well known manufacturer of the middle west and commands the highest respect of the business world.

#### STOCK MARKET

NEW YORK, June 17.—Overnight news left the economic situation unchanged and stocks continued the forward movement in progress in the previous session. Consolidated Gas was an opening feature, reaching a new high on the move at 69 5/8. Kelly-Springfield preferred issues failed to appear on the tape in the early dealings despite the elimination of the dividend payment of the 6 per cent preferred. The common showed a fractional recession to 13 1/4.

NEW YORK, June 17.—The stock market opened steady with C. & O. 80 3/8, up 3/8; New Haven 21 1/4, off 1/8; North American 26 1/4, up 1/4; U. S. Steel 97 1/2, up 1/4; Erie 28 3/4, up 1/4; Union Pacific, 134 3/4, off 1/8; American Smelting 63 3/8, up 1/8; Sinclair 19 3/4, off 1/8; American Can 109 1/2; American Sugar, 43 1/2; General Electric, 233 1/2; Baldwin 111 1/2, up 1/4; B. & O., 56 7/8, up 1/8; Kelly-Springfield, 13 3/4, off 1/4; N. ## POLITICAL HEAD PREFERRED TO PROFANE ONE AT TEXAS U.

The language of Dr. Herbert E. Bolton, who has been offered the presidency of the University of Texas, is not viewed with approval by thousands of ex-students and friends of the institution all over the State.

Protests against his acceptance are being made not only to him but hopes that he will not accept have been sent to members of the Board of Regents and newspaper comments also made criticizing his language as unbecoming of a man who follows the profession of a professor.

Several ex-students in Mexia this morning were of the opinion that it would be a mistake for him to accept. However, the Ex-Students' Association here has not taken up the subject of a president.

A. G. Adair, sent the following telegram to the Regents:

"I am sure that I speak the sentiments of thousands of exes, when we say we prefer a political president to a profane president. What Dr. H. E. Bolton said to the press he might sometime say to the pupils. The best interests of the state urge that he not accept the presidency tendered."

The Houston Post says:

"The language of Dr. Herbert E. Bolton, who has been offered the presidency of the University of Texas, is not viewed with approval by the pastors' conference of the Methodist Episcopal church, South, of Houston. Last Saturday Dr. Bolton was reported as telling newspaper reporters to go to a place all ministers have a right to expect they will dodge. Later he explained that he was speaking in a 'jocular' vein.

His remark has caused the conference in Houston to send him the following letter:

"This is to express the hope that no man with the coarseness and want of spiritual culture that you reply to the press, published in the Houston papers of last Saturday, indicates, will undertake to lead the youth of Texas. If the report is, in any sense correct, we hope you know how to say no to the regents of the University of Texas."

The letter was signed on behalf of the conference by E. L. Ingram, acting president and R. A. Gates, secretary.

## CURE OF DESTROYER OF MELONS IS DISCOVERED

(By International News Service)  
URBANA, Ill., June 17.—A dust that is sure death to the black-and-yellow-striped cucumber beetle, the pest that annually plays havoc with cucumbers, squashes and melons, has been developed by the entomologists of the State Natural History Survey and the University of Illinois. The dust, composed of one part calcium arsenate and twenty parts gypsum, has proved superior to many other poisons and sprays in five years of tests and experiments. The material is simply dusted over the young plants to be protected, and the beetles eat and die.

## ALIENIST CALLS LEOPOLD "A MORAL MONSTROSITY"

Asserts That Loeb, as Tool of Pal, May Deserve Leniency in Franks Slaying Case.

By P. M. Lichtenstein, M. D., LL. B. (Physician, Tombs Prison, Alienist and Extensive Writer on Criminology) (Written for International News)  
NEW YORK, June 17.—It is often difficult to distinguish between badness and madness, particularly when moral defectiveness is being considered. A moral defective is not legally insane, unless such defect is part of a true insane condition or associated with 'imbecility or idiocy, so as to render the subject incapable of sound judgment and reasoning.

Such is not the case as concerns Leopold and Loeb. Both are above the average in intelligence, and the former appears to be unusually clever. He is, however, a moral monstrosity. Facts in the case lead me to believe that Leopold was the stronger, dominating mind, and that Loeb was but a tool who feared and worshiped Leopold and was willing to do anything that was requested of him. From my experience in observing moral defectives I believe Loeb worshiped Leopold as a hero.

Leopold had for years shown that he was morally weak. Excessive drinking and his boasts concerning the same, the killing of birds and impaling of insects are all evidences of a morally weak nature.

Evil Associates.  
What about the theory that home environment is the most potent cause in the production of criminals? Here are two boys who had everything their hearts desired. Their parents are respectable people. The boys were given a liberal education. Everything was done to make them useful citizens, and yet, with what results? To what are we to attribute their acts? In order to derive the benefits of an education and to become a useful citizen it is necessary for the moral sense to be inborn.

Will power and self control must be inherent. In other words the seed must have the proper soil in order to produce the best result. It matters not what the environment be, what efforts the parents make to aid the child, nor does it matter what the facilities for education are.

If the moral sense is not inborn the child will not be a moral citizen. Immorality may, however, be the result of evil associations, and it is my opinion that this is true of Loeb.

The morally defective individual may have absolutely no motive for his acts and the crime he commits may bring him no benefit. He never stops to think that it is against the law; that it will bring disgrace and agony to his parents.

Cites Waite Case.  
It is strange that so much of moral defectiveness is found among the educated. For brutality and utter disregard for humanity and moral principles there is no better comparison to the Franks case than is the case of Dr. Arthur Warren Waite, who killed both his mother-in-law and father-in-law and had planned to kill his wife when he was apprehended. Compare the two.

Waite planned for months to slay his victims so as to get their money. He in fact married the daughter with the object in view of gaining control of her parents' wealth after their death, when all the money would become hers. Leopold and Loeb planned for months to kill some child. They planned every detail, even to the hiring of a car, writing letters, etc.

Waite was an educated man, a dentist. He was pleasing in disposition and a favorite in his home town. Both Leopold and Loeb have pleasing personalities, and were well liked. Waite took real pleasure in

telling of the various steps in the murder.

Loeb Is Wretched.  
Leopold and Loeb, particularly the former, seemed to be unaffected and in fact showed considerable bravado. Waite was found sane and electrocuted.

Loeb, away from the influence and domination of Leopold, is likely a person awakening from a dream.

He says:  
"I want to say that I offer no excuse, but that I am fully convinced that neither the idea nor the act would have occurred to me had it not been for the suggestion and stimulus of Leopold. Furthermore, I don't believe I would have been capable of Franks."

He is wretched and cannot seem to understand how he was ever persuaded to engage in such an act. Leopold cares little for death. He loves notoriety, and I will make the prediction that if he receives the extreme penalty he will not shrink when the fatal moment arrives.

Our system of education is in great measure the cause of moral defectiveness in the young. Too much attention is paid to the development of the mentality, whereas no attention is paid to moral development. Children are so overburdened with work that they have little time for play.

Would Be Sane Here.  
The result is that they become exclusive and neurotic. A neurotic child readily adopts immoral practices. There is no doubt that were the crime committed in New York both boys would be declared sane.

They knew the nature and quality of their act and knew the difference between right and wrong. This is proven by their careful preparations, their intent and the precautions taken to avoid detection. They were not suffering from delusions or hallucinations and were in no way dominated by such factors in committing the act.

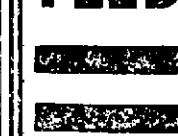

They are above the average in intelligence. Concerning their present mental state I am of the opinion, taking into consideration all the facts so far published, that they are able to consult with their counsel in the preparations of their defense. This would make them legally sane in our State. If leniency is shown it should be to

## REV. MARCUS VAUGHN RESTORED BY KARNAK

Rev. Marcus M. Vaughn, 5331 Larkin St., Houston, widely known Presbyterian minister who, because of ill health was forced to give up his ministry four years ago, now adds his name to the thousands who are praising Karnak, the sensational new medicine for their return to health.

"I had suffered from a chronic form of nervous indigestion for fifteen years," says Dr. Vaughn's statement, "and finally became so weak I frequently was confined to my bed. My digestive organs just seemed to

# COTTON MILL TO START UP IN FEW MORE WEEKS

Sanford Smith, Secretary-Treasurer of the Mexia Cotton Mills, in a letter just sent out to subscribers to stock states that \$78,975 has already been subscribed, which represents almost the total of two installments of ten per cent. The third installment is now due. J. Perry Burrus of Dallas spent last Friday with the local Board of Directors and went over the subject thoroughly. He is of the opinion that the work of construction on the mill may begin within the next few weeks. A site is understood to have been tentatively agreed upon and arrangements are now being made for switches and machinery and other materials are being looked into. About 150 subscribers are on the list and according to Mr. Smith, all but a few of the smaller ones have already paid their two installments called for and those who have not will likely do so in an early date. The payment of the third quota is urged in order that no delay may follow when actual construction is under way.

# Germans Despair Of Their Future

By CARL D. GROAT  
(United Press Staff Correspondent)

BERLIN, June 17.—Vastly more Germans want to emigrate to the United States than the new immigration bill will permit.

The Berlin American consulate stated today that every consulate is swamped with applications. In fact, they were "overset" at least two months ago, while the requests still are continuing.

As soon as the new regulations are received here, the Berlin consulate will begin an apportionment of visas for the lucky ones. So far, no complete tabulation of applications has been possible.

Through the general economic situation has improved vastly since the last quota was exhausted, the wanderlust grows steadily.

This is due to the conviction on the part of thousands that, in this generation, they will never be able to live comfortably or at least not be able to save anything for old age.

Young couples wanting to marry are confronted with the literal impossibility of finding dwellings at either high or low rates. Forward-looking people estimate that reparations will drain the country to such a point that, while all can live, the masses will have to limit their standards to even more modest levels than they knew before the war.

These thoughts are the compelling reasons for the heavy emigration from North America is the chief goal of those with wanderlust, but Brazil and Argentina also lure many.

Last year, 115,000 emigrants left Germany, including 68,000 for the United States.

## PURE OIL EMPLOYEES TO HOLD ANNUAL PICNIC SATURDAY

### Baseball Game With Tulsa To Feature Big Day

The annual picnic of the Pure Oil Company Employees and their families is scheduled for Saturday, June 21st, and the exclusive use of the Joe Johnston Post Reunion Grounds has been given them for this date. All the employees including those of the local office, the Mexia field, Currie and Powell, together with their families are expected to fill the grounds on this occasion and to enjoy the elaborate preparations and program now under way.

One of the outstanding features of the program is to be a baseball game between the Pure Oil Company team made up from the field employees of the company in Mexia and Powell and the Pure Oil office team from Tulsa, Oklahoma. The game to be played at League Park at 9:30 a. m. Saturday. The local team has been cleaning the opposition with considerable regularity this spring and the Tulsa team last year won the City Championship so a good game is in prospect. An invitation to the game is extended to the entire baseball loving public.

The Tulsa team, accompanied by a few loyal supporters are expected to arrive in Corsicana Friday noon where they will be met with automobiles from the local office and be brought to Mexia, making an inspection tour of the Powell field en route.

### SARANAC TO GIVE POWER BOATS A CUP

SARANAC LAKE, N. Y. (United Press.)—A long cherished plan of the town to give the Saranac lake a trophy for a gold challenge cup to the speed boat champion of the Adirondacks is on the verge of becoming reality.

Plans call for the holding of the race each year on the waters of Upper or Lower Saranac Lake. The plan and Upper St. Regis Lake each of the race is to have the race in turn.

The trophy planned will be one of the most valuable offer for power boat races. Some of the fastest speed boats in the world are owned by wealthy Adirondack residents. Most of the boats are of the type that may be moved easily from lake to lake on large motor truck.

The race is being promoted by the Saranac Lake Boat and Waterways Club. This years race will be at Lower Saranac Lake, at a date not yet decided upon.

### CURTAIN FALLS ON FRENCH BOXERS

By FRANK GETTY (United Press Staff Correspondent) NEW YORK, June 14.—The ring careers of the two best fighters France has developed came virtually to an end within 48 hours.

Georges Carpentier, former world's light-heavyweight champion, ended his at Michigan City when he lost somewhat ignominiously to Tommy Gibbons.

Two days later, Eugene Criqui, gallant featherweight who lost his title in that division to Johnny Dundee here last year, foreswore the ring forever after a knockout at the hands of Darny Frush.

Carpentier may go on fighting; probably he will win more bouts before he finally passes out of the picture. But his last chance for real ring fame ended when he took a bad beating from Gibbons on Decoration Day.

Poor Gene Criqui is definitely through. No one who saw the brave fight he put up against Dundee in New York, staggering, blinded, about the ring and refusing to quit, can help but sympathize with stout-hearted little Frenchman when he says:

"I'm through. You won't see me getting knocked out from ring to ring. A better man beat me (this was after the Frush fight in Paris) and I've no excuse. No broken hands—no broken heart."

### GOLFERS ASK CHANGE IN RULES FOR OPEN

By FRANK GETTY (United Press Staff Correspondent) NEW YORK, June 17.—The sectional qualifying idea having had a lukewarm welcome among golfers who participated in the National Open, the committees of the United States Golf Association and the Professional Golfers' Association of America are casting about for some more satisfactory system of weeding out aspirants for the open title.

A British plan, with tests held in two days and the scores counting for the championship proper, has been advocated and is certainly worth a trial. This would require a 36-hole layout, but such sites are available, and certainly some of the complaints heard against the sectional system tried this year equalled those against the procedure at Skokie in 1922 and Inwood in 1923.

In the opinion of a majority of golfers, the old system worked better than this year's but the old system had many faults. What is needed is not so much a new plan, as a good plan. The original procedure was to devote three days to qualifying and two days to championship proper. This consumed five days, the team match another, while, when there was a tie, as happened at Inwood, a full week had been used up.

To that must be added the three or four days preceding the open championship, which the entrants usually devote to practicing on the course in question. According to the distance they travel, therefore, 10 and even 15 days are required of many professionals away from their clubs.

Loss of time, loss of earnings, plus necessary addition to expenses in the form of hotel and travel bills, caused a demand for a change. Hence the sectional qualifying plan.

Another objection to the old system was that with three days devoted to qualifying, those who drew starting times for the first day had to remain around idle for two days until the championship proper started.

This year, therefore, qualifying rounds were played at Worcester and Oak Park. Most of those who participated, however, put in an appearance three or four days ahead of time, to get accustomed to the course, and many went directly to Detroit from their qualifying course, so that more time, if anything was consumed than under the old plan. The contestants devoted extra days to getting used to two courses instead of one.

Moreover, in the matter of railroad fares, expenses proved equally heavy for most under the new sectional plan, and for some the expense was much greater.

Thus passes Criqui, a fighting Frenchman. Gene was a real fighter, maimed in the world war so that his whole jaw was shot away. Surgeons patched him up, putting a sheep's bone in place of the little fighter's jaw.

Criqui returned to the ring, fought his way to the top, despite his wounds, came to this country in 1923 and won the world's featherweight title by knocking out Johnny Kilbane. Then came the match with Dundee. Instead of returning to France to gather in plaudits and francs as world's champion, Criqui consented to meet the Scotch-Wop a few weeks after the Kilbane fight. He received a terrible beating, from which he never recovered.

Criqui was probably the best "little man" developed in France. He showed himself equal to the gamest of any class in any country when he lost to Dundee. And when he went down, in the 8th round, after another merciless beating by Frush, Criqui never complained. He did say that it was the beating he took from Dundee which cost him this, his last fight.

Another objection to the old system was that with three days devoted to qualifying, those who drew starting times for the first day had to remain around idle for two days until the championship proper started.

This year, therefore, qualifying rounds were played at Worcester and Oak Park. Most of those who participated, however, put in an appearance three or four days ahead of time, to get accustomed to the course, and many went directly to Detroit from their qualifying course, so that more time, if anything was consumed than under the old plan. The contestants devoted extra days to getting used to two courses instead of one.

Moreover, in the matter of railroad fares, expenses proved equally heavy for most under the new sectional plan, and for some the expense was much greater.

Thus passes Criqui, a fighting Frenchman. Gene was a real fighter, maimed in the world war so that his whole jaw was shot away. Surgeons patched him up, putting a sheep's bone in place of the little fighter's jaw.

Criqui returned to the ring, fought his way to the top, despite his wounds, came to this country in 1923 and won the world's featherweight title by knocking out Johnny Kilbane. Then came the match with Dundee. Instead of returning to France to gather in plaudits and francs as world's champion, Criqui consented to meet the Scotch-Wop a few weeks after the Kilbane fight. He received a terrible beating, from which he never recovered.

Criqui was probably the best "little man" developed in France. He showed himself equal to the gamest of any class in any country when he lost to Dundee. And when he went down, in the 8th round, after another merciless beating by Frush, Criqui never complained. He did say that it was the beating he took from Dundee which cost him this, his last fight.

WHEREAS, on the 21st day of March, 1924, this commission considered the several returns and canvassed the same, and found that there were cast, at said election, six hundred twenty-seven (627) votes, of which number five hundred five (505) votes were cast for the choosing of a charter commission, and one hundred twenty-two (122) votes were cast against the choosing of a charter commission, and this commission thereupon, by resolution, duly entered, declared that the proposition so submitted was sustained and adopted by a majority vote of the qualified voters of said city, voting at said election; and

WHEREAS, the City Commission of the City of Mexia, Texas, has examined into and investigated the regularity of the proceedings for said election and finds that the same was duly and legally held, that the notice required by law to be given has been duly and legally given, and that said election was conducted in strict conformity with all the requirements of law; and

WHEREAS, each and all of said fifteen citizens, so elected, duly qualified as members of said charter commission, and met and organized the same, and duly proceeded to frame a charter for the City of Mexia, Texas, and heretofore, on the 27th day of May, 1924, as such commission, signed such proposed charter and duly provided for the submission of the same to a vote of the qualified voters of said City, at an election to be held upon the question of the adoption or rejection of such charter upon the 7th day of July, 1924; and

WHEREAS, the said Charter Commission provided that the present City Commission shall call an election for such purpose; and

WHEREAS, the said Charter Commission will ratify and confirm and make the enactment of this ordinance its act and deed, and will make such ordinance its order for such election, all of which will be evidenced by the signature of the members of said Charter Commission appended hereto under the words: "APPROVED BY CHARTER COMMISSION"; therefore,

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA, TEXAS:

Section 1. That an election shall be held in the City of Mexia, Texas, on the 7th day of July, 1924, at which the following proposition shall be submitted:

"Shall the charter reported by the Charter Commission to the City Commission of the City of Mexia, Texas, on the 27th day of May, 1924, and which had been prepared by the Charter Commission duly elected by the qualified voters of the city of the 18th day of March, 1924, be adopted as the charter of the City of Mexia, Texas, as contemplated and authorized by the Constitution and laws of the State of Texas, including Chapter 147, Acts of 1913, Regular Session?"

Section 2. That the polling places and presiding officers of said election shall be, respectively as follows: the polling place shall be at the City Hall, in the City of Mexia, and W. B. Kendrick is hereby designated as presiding officer.

Section 3. That said election shall be held under the provisions of Chapter 147, Acts of 1913, Regular Session, and all persons qualified to vote in said City under the laws of this State regulating general elections, shall be allowed to vote.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission shall have printed on their ballot the following:

OFFICIAL BALLOT  
"For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

And those opposed shall have on their ballots the following:

"Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

Section 6. That the action of the aforesaid Charter Commission in calling the election for the purpose hereinabove stated, and in all other respects with reference to the framing and submitting of such proposed charter, are hereby ratified and confirmed, and the said Charter Commission, or the members thereof, shall ratify and confirm all things done by the present City Commission of the City of Mexia, Texas, with respect to the matters and things dealt with in this ordinance, and shall make the same their act and deed by subscribing their respective names hereto under the caption, "APPROVED BY CHARTER COMMISSION," and such names as so subscribed shall be published as a part of this ordinance.

Section 7. A copy of this ordinance shall be sufficient notice of said election, and thirty (30) days notice of the time and place of holding the said election shall be given by posting certified copies thereof at the places designated for holding said election at least thirty (30) days prior to the holding of said election, and by publication of such notice not less than thirty (30) full days from date of election.

Section 8. The fact that the City of Mexia is at the present time without a charter and that the public interests require the adoption of a charter, creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage and approval.

Passed and approved this 27th day of May, 1924.

BRIGHT DAY FOR N. Y. REGATTA

POUGHKEEPSIE, N. Y., June 17.—Regatta day dawned fair with ideal rowing conditions for the fifteen crews of six universities which will contest in three races over the Hudson today.

All morning long, pennanted yachts moved about the smooth expanse of water beneath the towering bluffs opposite Poughkeepsie, gradually forming the lanes down which the final stretch of the races will be rowed. Between 50,000 and 75,000 spectators were expected, if the weather held fair.

As for the crews themselves, they lolled about their training quarters, their hard preparatory grinds at an end, nothing to do but kill time until the starting bomb.

The Washington crew, champion from the coast and winners of the twenty-sixth annual intercollegiate regatta here last year, was a favorite to repeat its triumph. The Westerners were favorites at 2 to 1 over the big Penn crew, their strongest rivals.

Others in the 'varsity race, which starts at 6 p. m. daylight saving time, were Syracuse, Cornell, Columbia, and Wisconsin.

Coach "Rusty" Callow's huskies are not the smooth rowing aggregation that triumphed last year but there appears to be even more power in this year's boat. The Washington crew is not evenly balanced, one or two tall men in the waist upsetting the nice line of heads and shoulders displayed by some of its rivals in final practice, but Callow's men are probably more powerful and faster than any boat which will take the water today. Besides which, the Westerners have drawn the lucky lane No. 2.

Last minute shifts were made in some of the Eastern boats for the minor races, but all varsity eights remained intact.

Jim Rice, coach of Pennsylvania, and Jim Teneycke, Syracuse, reported that their chances were in good shape for the afternoon struggle. Dad Vail, Wisconsin coach, wore a long face and wasn't so confident about his crew's chances in the varsity event, but said the boys were fit and ready.

SILVER NUGGET WEIGHING OVER TWO TONS SHOWN

LONDON.—A silver nugget weighing two and one half tons, from Northern Ontario, the largest ever taken from a silver mine is proving a magnet to thousands of daily visitors to the "Canadian Pavilion" housing the Dominion's exhibit at the British Empire Exposition.

The mineral display contains a scene depicting the Hollinger Mine, the world's premier gold producer; samples of coal from every producing mine in Canada; and displays of asbestos, nickel, mica, copper, silver, salt, gold, marble, granite and other building stone.

Dr. E. R. Biggs of Westminster College at Tehuacan was a business visitor here Monday.

There's no place like home to the man whose wife has an idea that tobacco smoke clings to the draperies.

The wise man knows enough to cast his lot with a woman who has enough money to build a substantial house thereon.

If a man could read his own biography it would surprise him more than any one else.

Patronizing home institutions of all kinds is being fair to those from whose patronage you expect to profit.

Must Wed to Collect \$300,000 Legacy.

Hyman L. Lederman, a Malden, Mass., real estate man, has been made beneficiary of the \$300,000 estate of an elderly woman to whom he was polite when he was assistant manager of a hotel in which she was a guest. However, he gets only \$100,000 in cash, the other \$200,000 to be paid him only after he is married. Lederman, who is 35, is looking for the girl.

Deviled Eggs Are Meat Substitutes Of Great Value

DENTON, Texas, June 17.—Deviled eggs are always a good substitute for meat, and especially in early summer. Use as many fresh vegetables as possible. They are always inexpensive in season, and taste much better. Plan to have meals with dishes which may be made largely in the morning and kept in the ice-box until needed. One or two hot dishes are usually enough for each meal, and cold dishes are appreciated. Always plan to serve cold dishes cold, and even in hot weather serve the hot dishes hot, and not lukewarm.

Breakfast. Cantaloupe. Broiled ham biscuits, butter. Coffee. Lunch.

Deviled eggs in lettuce nests. Buttered Rice. Graham bread. Butter. Relish. Frozen Peaches and Cream. Dinner.

Meat loaf with tomato sauce. New potatoes and string beans. Cucumber salad. French dressing. Bread. Butter. Pineapple. Bavarian Cream. Deviled Eggs.

Hard cook eggs, chill and remove the shell, cut in halves lengthwise. Remove yolk and mash fine. To the yolks of six eggs add:

- 3 T. grated cheese
- 3 T. green olives cut from pit
- 1 T. vinegar or lemon juice
- 3 T. dry mustard

Melted butter to make a creamy consistency. Refill the whites and serve in lettuce leaves.

Breakfast. Stewed peaches sugar and cream. Buttered toast. Bacon. Coffee. Lunch.

Tomato relish. Lettuce sandwiches (Graham bread). Orangeade. Marguerites. Dinner.

Boiled steak with brown gravy.

- Russian Chocolate.

Mild, refreshing and a good way to increase the amount of milk used. Two cups chilled cocoa; 2 cups cold coffee. Mix add crushed ice and serve with whipped cream.

Peasant Salad.

Fresh crisp lettuce garnished with thin slices of radishes, green onions and cucumbers. Serve with french dressing, or one may substitute hot bacon fat for the salad oil in making the dressing and pour it over hot and serve at once.

CASH RESULT IS SHOWN BY SCIENTIFIC FARMING

(By International News Service) URBANA, Ill., June 17.—After managing their farms by up-to-date methods, eight Wabash County farmers found they each had \$1,500 more in their pockets at the end of the year than eight of their neighbors who did not follow the approved methods, according to a summary made public recently by M. L. Mosher, farm management specialist of the University of Illinois.

The farmers who pocketed the highest returns earned an average of 6.9 per cent on an average investment of \$22,695, while eight neighbors averaged only 2-10 of 1 per cent, a difference of 6.7 per cent.

The cause of low incomes on many farms could be traced directly to low crop yields, to careless handling of livestock and to inefficient use of man and horse labor and tractor power, Mosher said.

Alfalfa played a big part in swelling returns on several of the farms. Successful poultry flocks also helped some farmers.

election. At present, it is understood that several Mexia citizens are expecting to be present at the Convention. Albert H. Berry, Rotary delegate to Toronto, may return, by way of New York in time to look in on the political pot. Mrs. W. B. Landrum expects to be present during the convention. Mr. Landrum will also likely attend. Mr. and Mrs. E. L. Smith may be able to attend, as they are expecting to be in the convention city sometime during their vacation.

The contest is growing "fast and furious." Franklin D. Roosevelt declares that the maximum McAdoo strength will be between 450 and 500 votes, which he says is about a hundred less than a bare majority. Thos. B. Love, of Dallas, Dr. R. B. Jackson of Mexia, and other stalwarts of the party never hesitate to say that McAdoo will win on an early ballot and then will sweep the country with enough votes to land him in the White House. William Jennings Bryan declares that it will be McAdoo or some other democrat equally dry. He is under instructions to vote for McAdoo as are the 40 Texans. National

Prim Prest.

Committeeman Norman Mack of New York is positive that Governor Alfred Smith will be the nominee. On the other hand, newspaper correspondents who have more silver hairs than silver gained during a lifetime of service writing up conventions are dishing out the reports that McAdoo and Smith will be tossed aside and a dark horse will be given the prize. All in all, it is likely to be a race the like of which has never been seen in a Democratic convention hall, unless Dr. Jackson is right and McAdoo wins early in the contest.

## THOUSANDS WITNESS BURIAL OF NAVY DEAD

### CENTRAL PRESBYTERIAN REVIVAL STARTS WEDNESDAY

#### Choir Director Arrives For Meeting in Mexia

Mr. Charles Croxton of Fort Worth, who is coming to lead the singing in the revival at the Central Presbyterian church, North McKinney and Carthage streets, June 18-29 arrived in Mexia today. A rehearsal of the chorus choir is called to meet at the church this evening at 8 p. m. Many people have volunteered to sing in the choir. Mr. Croxton desires children, young people, and adults to assist him. Especially all children are welcome to come and sing.

It is not necessary to have a trained voice to join the choir. Anybody who can carry a tune and is willing to sing for the Lord is urged to come, and be present at this first rehearsal.

Mr. Croxton comes from a famous family of musicians. His father is a prominent teacher of voice in Fort Worth. His brother is Frank Croxton of New York who sings at the Brick Presbyterian Church of that city, and is one of the "Eight Famous Victor Artists" and has been a singer for the Victrola. Charles Croxton, who leads our singing, has been engaged extensively in evangelistic singing. He is not only a talented leader but has a remarkable baritone voice for solo work. He is a Southerner, a native of Lexington, Ky., the heart of the blue grass region.

Dr. L. D. Young will arrive in Mexia to conduct the first service Wednesday night.

#### TEXAS TABLOIDS

HOUSTON, Texas, June 17.—The weather man was called on for testimony in a damage suit here and asked whether the wind blew north on January 9, 1923. His word was wanted in a suit growing out of a grass fire.

SAN MARCOS, Texas, June 17.—The curiosity of Joe Dickens, Jr., three years old, cost one of his thumbs when he stuck his hand in an electric clothes wringer and turned on the power. One of the child's thumbs was torn off before the machine could be stopped.

EL PASO, Texas, June 17.—J. C. Frazier's "half man, half devil" which he advertised as a mummy discovered by a cowboy in the Organ mountains, hereafter will be on display in the Alamogordo jail, according to word received here. Frazier who left here recently with the mummy on a tour of the country, was arrested and fined for displaying fake goods, according to Alamogordo police. The "mummy" was a combination of paper mache and excelsior, it was charged.

#### Washerwoman Sues R. R. For Damages

HOUSTON, Texas, June 17.—Alleging her pretty yard, garden and newly painted house were damaged by soot spread by a locomotive of the G. M. & S. A. standing on a track nearby, a washerwoman by the name of Lee Fortson is suing the railroad for \$600 damages.

\$100 is asked for damage to her business of washing. She alleges that the clothes from a hotel were on the line at the time, and that the "flood" of grease, soot, and slime from the locomotive ruined the clothes and caused the hotel to shut her off as their washerwoman.

#### A NEW ONE.

HOUSTON, Texas, June 17.—A feeble old man walked slowly into a small downtown cafe.

"I haven't enough money for a cup of coffee. Can I have a glass of water?" asked the old man hesitatingly of the burly waiter who leaned nonchalantly against the counter.

Without a word, and scarcely a glance, the waiter pushed out a glass of water, followed by a cup of coffee, a sandwich and a piece of pie.

"Aw go on an' eat" said the waiter gruffly as the old man feebly protested. "You'll hurt my feelings if you don't."

So the old man did.

#### CHARLES CROXTON

Mr. Croxton is to direct the choir at the Central Presbyterian church revival. He is from Ft. Worth, and a member of one of the great choirs of that city.

#### MEETING CALLED ON COTTON MILL FRIDAY MORNING

J. K. Hughes, president of the board of director of the Mexia Cotton Mills, announced this afternoon that there would be a meeting of the stockholders in the mill, and the interested public, at the Hurdleson hotel Friday morning at 10 o'clock. He urges that all stockholders and any others to be there for the very important business session. The session will be held in the hall formerly used for banquet purposes.

#### NEWSBOY IS INJURED REGULAR ACCIDENT

DALLAS, Texas, June 17.—Marvin Puett nine year old news dealer here was severely lacerated on the left leg when a street car split the switch, knocking an automobile against a light pole and pinning the boy between the machine and the pole.

The youngster, according to bystanders suffered stoically for ten minutes with his leg cut to the bone before he was extricated.

#### PARIS ACCEPTS DAWES' PLAN UNRESERVEDLY

PARIS, June 17.—France accepts the Dawes program for settlement of reparations unreservedly, but owing to conditions in Germany she cannot evacuate the Ruhr before Germany fulfills guarantees laid down in experts reports, Premier Herriot told the Chamber of Deputies. The new government opposes the "hostile policy of force and occupation of enemy territory," he said.

#### FORD LOSES VALUABLES TO BURGLARS

DETROIT, June 17.—Burglars broke into the home of Edsel Ford and escaped with one hundred thousand in jewelry, is learned. The home was temporarily vacant while the Fords were away.

#### MERCHANTS WILL EXHIBIT

SAN ANGELO, Texas, June 17.—Fifteen business houses have announced they will enter barges in the water pageant to be held here in connection with Sheep and Goat Raisers association meeting June 24-26.

#### ASYLUM INMATES CAPTURED

SAN ANTONIO, Texas, June 17.—Chalk up one for old friend bloodhound. Two escaped inmates of the insane asylum here, were captured after bloodhounds had actually trailed the two in to a tract of timber.

#### DALLAS HAS EARLY MORNING BLAZE IN BUSINESS DISTRICT

DALLAS, Texas, June 17.—Fire breaking out in the downtown business district early this morning did damage estimated at more than \$50,000 and several times threatened the Southland hotel before firemen brought it under control.

Eight business houses were damaged and the entire block was threatened.

Fireman C. B. Arthur was injured when a pile of hot brick fell from a caving wall bruising his left leg. Miss Mary Lussey roomer in the Aurora hotel was overcome by smoke.

#### MAGNUS JOHNSON WACO MANAGER AT OUTS WITH CITY DADS AND QUILTS

ST. PAUL, Minn., June 17.—Magnus Johnson walked away from Communist opposition and will be the farmer-labor nominee for United States Senator, according to early returns from the State primary today.

Johnson will run against Ole O. Sageng, or Judge Oscar Hallum as the Republican nominee. Hallum had a lead of more than 10,000 over Sageng at an early hour, but the latter is expected to pick up a lead on country returns.

Thomas D. Schall, Tenth district congressman, seeking the Republican senatorial nomination, was also ahead of Sageng on early returns. The tabulations so far, however, contain mostly Twin City and Duluth votes, where Hallum and Schall had their strength.

Theodore Christianson, Dawson publisher, was leading the Republican field for the nomination for Governor. Curtis M. Johnson was next and Mayor George M. Leach of Minneapolis, close behind.

#### Communists Threaten 3rd Party Convention

By PAUL R. MALLON (United Press Staff Correspondent)

CONVENTION HALL, ST. PAUL, Minn., June 17.—Communists threatened to break up the "third party" convention just as it got under way here today.

A bloc of ten delegates—which Senator Robert M. LaFollette says represents the Moscow International—jammed the plans for farmer-labor organizers in the convention which was called to bind the so-called radical groups of the Nation into a new third party.

Pre-convention organization was held at a complete standstill by the Communists who desire action on their own program.

Their wrath was first aroused when leaders of the State farmer-labor parties of the Northwest decided that they must enter the convention under the guise of trades unions and not as representatives of their Communist parties.

The resultant clash brought forth so much fire works that convention leaders argued to let the Communists appeal to the floor of the convention and there fight out their case.

Of the three pre-convention committees that have been functioning for the last three days, the Communists have jammed every one that not one of them can make a complete report. The organization committee is tied up over a play of launching the proposed third party; the platform committee can not agree on a draft and the nomination committee is deadlocked over the plan of advancing the presidential candidacy of LaFollette.

#### FIGHTS AND FIGHTERS

NEW YORK.—Floyd Johnson stopped another foreign invasion last night when he scored a technical knock out over Andreas Balsa, Spanish heavyweight, in the third round of their fight at the Queensboro A. C.

CHICAGO.—Dave Shade, of California, now making New York his home, scored a 10-round win over Warnie Smith, Oklahoma cowboy, in the main event of a boxing program at East Chicago last night.

WACO, Texas, June 17.—J. B. McCauley, Waco's first city manager, who assumed his duties six weeks ago at a salary of \$6,000.00 per year has resigned declaring he believes the city manager plan is the most efficient and economical plan but that "my ideas are not in accord with that of the city commission as a whole."

#### POISON MISTAKEN FOR FLOUR AND 10 PRISONERS ARE ILL

JEFFERSON CITY, Mo., June 17. A new cook at the prison farm near here mistook a sack of poison for flour, and mixed it in biscuits he was preparing. H. C. Smith, superintendent, and ten trusty prisoners were made seriously ill and are undergoing treatment at the prison hospital. Prison officials say there was no question but what the poisoning was an accident as the cook ate heartily of the biscuits and was made sicker than any of the others.

#### BRITAIN AND MEXICO GETTING TOGETHER

MEXICO, CITY, June 17.—Peaceful settlement of the dispute between British Diplomat Agent Cummins and the Mexican Government appeared in prospect today.

The diplomatic corps met at the British legation and held a long discussion of the case, causing a report that the Foreign Office in London probably will advise Cummins to ask for his passports and leave peacefully in compliance with the demand of President Obregon.

#### RANGERS TO DENTON WATCH NEGRO TRIAL

AUSTIN, Texas, June 17.—By direction of the governor a detachment of State Rangers will be at Denton tomorrow to watch during the trial of a negro, charged with criminal assault on a white woman. Rangers were requested by Sheriff Swinney of Denton county, who said in a telegram to the governor that "feeling is high and threats of lynching have been made."

#### SMUTS TRYING TO COME BACK

LONDON, June 17.—General Jan C. Smuts, whose Government fell recently in South Africa, has made the fight of his life to regain office at the national elections. Defeat of the General by a small majority was predicted in Capetown dispatches today, although the issue was clearly in doubt.

#### WATCHING THE SCOREBOARD

Yesterday's hero—The veteran Harry Hooper. He cleared the bases with a home run drive so that his team won by a one-run margin.

The Giants increased their lead in the National League to a game and a half by defeating St. Louis, 7 to 2.

Pitcher Lil Stoner of the Tigers, pitched shutout ball against the Red Sox, Detroit winning 3 to 0. Heilman, batting leader, failed to get a hit.

Ernie Johnson, who has been filling in ably at short for the champions, batted one in the ninth and the Indians beat the Yanks, 2 to 1.

Boston hammered the Pirate pitchers hard and won the opening game of the series, 9 to 4.

In a game featured by circus catches, the Brooklyn Robins beat Rixey and the Reds, 5 to 2.

The veteran Alexander, who has been going great guns this season, was driven from the mound by the Phillies, who beat the Cubs, 8 to 3.

St. Louis made it two straight over the Athletics. Collins got a homer in the seventh with the bases full and the Browns made twelve hits to win, 10 to 2.

Hopper's home run with the bases full helped the White Sox beat the Senators, 9 to 8.

#### MOVIE CZAR AND MONDELL

Will Hays, former Postmaster General, greeting Chairman Frank Mondell at the Cleveland show.

#### MEXIA DAILY NEWS BEHIND MOVEMENT TO ERECT ARCH ENTRANCE TO HUGHES PARK

W. K. Boyd, president of the News Publishing Company, today announced that the local daily newspaper, in encouraging and fostering the development of Hughes park, has opened a subscription fund for the purpose of raising finances to provide an arch at the entrance of the park. The Ladies of the Civic League will be consulted as to the kind of an entrance, the location and other details. Early ideas, however, are that the entrance should be in keeping with the beauty

of the park, as later to be developed, be electrically lighted, bearing the words "Hughes Park" and have other suitable inscriptions in bronze on the posts.

Quite a number of the leading business men of the city have been consulted about the plan and they are eager to see it carried to success.

Mr. Boyd states that the proposition will be pushed right on through without delay and invites any desiring to co-operate to signify the amount of their subscription to the cause.

#### Freestone Citizens Plan Development Of County Roads

A meeting of about 200 good roads enthusiasts was held at Fairfield Monday. The purpose of the gathering was to confer on plans to build the new roads of the county provided by the million dollar bond issue voted late last year. A committee was selected to go to Austin to consult further with the State Highway Department regarding the improvements. The bond issue provides for about 60 miles of splendid roads it is understood. These roads, it is believed, will have much to do with the development of the county by the wildcat.

#### LUFKIN EXTENDS LIGHT SERVICE

LUFKIN, Texas, June 17.—Extensive improvements to its system are being made in East Texas by the Texas Power and Light Company. This company has recently acquired the Lufkin and Crockett light plants and has high pressure transmission lines under construction between Ceresciana and Tyler and Palestine.

#### LEGION TO MEET AT NOWLIN HALL

The American Legion will hold its regular meeting tonight at the Legion Hall. New members will be received and other business will be attended to. A most interesting session is promised and a full attendance is urged.

#### MEXIA MEN AND WOMEN ANXIOUS TO GO TO N. Y.

H. O. Tatum, alternate delegate to the National Democratic Convention to be held in New York City, was here from his home in Wortham today. He states that he does not expect to go to the big Garden but that he would certainly like to. He is receiving letters by the dozen indi-

#### Limestone Has Proposition At Democratic Polls

The ballot to be considered in the coming Democratic primaries was made out Monday for the voters of Limestone County. It is a truly "long ballot" with spirited contests promised in practically all of the offices.

The people now know whom they are to vote for or against and it is not believed that there will be much "writing in" of the names of others for the contested offices.

Those keeping a close eye on the political situation assert that there is to be a united effort on the part of the bootleggers and lawless element of the county to put their men in office. In case this is true, it will prove that an issue considered dead has revived and the prohibition question is real not only in Limestone County but in many counties of the state and the nation as well.

#### SEEK "BURGLAR DOG"

SAN ANTONIO, Texas, June 17.—Police are searching for a "burglar dog" believed to have acted as lookout while his young master, with two other boys robbed the office of the Citizens Transfer company here. The dogs tracks were found intermingled with the bare footprints of three boys. Police believe the dog stood guard while the boys robbed the office.

#### THE WEATHER

Texas.—Tonight and Wednesday generally fair and continued warm.

#### Flowers Heaped Above Caskets Of Victims On Ship

SAN PEDRO, Calif., June 17. On a board field on a high bluff overlooking the Pacific, silent thousands witnessed the last solemn funeral rites for the battleship Mississippi's dead. Flowers sent from every part of the country were heaped high on the caskets as chaplains said the funeral services. Vice Admiral Wilson paid a stirring tribute to the men who "died at the post of duty."

#### MAN FALLS EIGHT FLOORS AND IS FATALLY INJURED

DALLAS, Texas, June 17.—Raymond Owsley forty, was fatally injured Monday afternoon when he fell eight floors down an elevator shaft in the Sanger Brothers building here. Owsley was an employee on the Otis Elevator and was tearing out an old elevator preparatory to installing a new one when he slipped and was precipitated into the shaft. Owsley died soon after reaching the hospital.

#### PRISONERS MURDER OFFICER; ESCAPE

FORT WORTH, Texas, June 17.—A search is on for two alleged automobile bandits who shot and killed Deputy Sheriff Joe Morgan of Muskogee, and bound John Barger, another officer, to a tree. The officers were returning with prisoners in an automobile when one seized Morgan's gun and killed him, bound Barger to a tree and fled.

Bill and Babe Lawrence were indicted by the grand jury on a charge of murdering Morgan. Both of the escaped men are traveling in a Buick car and officials throughout the state have been notified.

#### E. N. HURLEY BEING GROOMED FOR V. P.

NEW YORK, June 17.—E. N. Hurley, chairman of the shipping board during the war, is being quietly boomed through different state delegations as a possible candidate for the vice presidential nomination. He is believed to be the strongest rival for Dawes. Hurley is a former railroad engineer and would be favorable to the union labor vote. Hurley is a well known manufacturer of the middle west and commands the highest respect of the business world.

#### STOCK MARKET

NEW YORK, June 17.—Overnight news left the economic situation unchanged and stocks continued the forward movement in progress in the previous session. Consolidated Gas was an opening feature, reaching a new high on the move at 69 5/8. Kelly-Springfield preferred issues failed to appear, on the tape in the early dealings despite the elimination of the dividend payment of the 6 per cent preferred. The common showed a fractional recession to 13 1/4.

NEW YORK, June 17.—The stock market opened steady with C. & O. 80 3/8 up 2-8; New Haven 21 1/8, off 1-8; North American 26 1/4; U. S. Steel 97 1/2, up 1-4; Erie 28 3/4, up 1-4; Union Pacific, 134 3/4, off 1-8; American Smelting 63 3/8, up 1-8; Sinclair 19 3/4, off 1-8; American Can 109 1-2; American Sugar, 43 1-2; General Electric, 233 1-2; Baldwin 111 1-2, up 1-4; B. & O., 56 7-8, up 1-8; Kelly-Springfield, 13 3/4, off 1-4; N. # POLITICAL HEAD PREFERRED TO PROFANE ONE AT TEXAS U.

## THE OLD AND THE NEW MEET

Hon. William G. Freeman, 86, who voted for Lincoln on the battlefield, eldest delegate to Cleveland convention, meets John B. Adams, 26, the youngest delegate.

The language of Dr. Herbert E. Bolton, who has been offered the presidency of the University of Texas, is not viewed with approval by thousands of ex-students and friends of the institution all over the State.

Protests against his acceptance are being made not only to him but hopes that he will not accept have been sent to members of the Board of Regents and newspaper comments also made criticizing his language as unbecoming of a man who follows the preface of a professor.

Several ex-students in Mexia this morning were of the opinion that it would be a mistake for him to accept. However, the Ex-Students' Association here has not taken up the subject of a president.

A. G. Adair, sent the following telegram to the Regents:

"I am sure that I speak the sentiments of thousands of exes, when we say we prefer a political president to a profane president. What Dr. H. E. Bolton said to the press he might sometime say to the pupils. The best interests of the state urge that he not accept the presidency tendered."

The Houston Post says: "The language of Dr. Herbert E. Bolton, who has been offered the presidency of the University of Texas, is not viewed with approval by the pastors' conference of the Methodist Episcopal church, South, of Houston. Last Saturday Dr. Bolton was reported as telling newspaper reporters to go to a place all ministers have a right to expect they will dodge. Later he explained that he was speaking in a 'jocular' vein.

His remark has caused the conference in Houston to send him the following letter:

"This is to express the hope that no man with the coarseness and want of spiritual culture that your reply to the press, published in the Houston papers of last Saturday, indicates, will undertake to lead the youth of Texas. If the report is, in any sense correct, we hope you know how to say no to the regents of the University of Texas."

The letter was signed on behalf of the conference by E. L. Ingram, acting president and R. A. Gates, secretary.

## INTEREST SHOWN IN COTTAGE MEETINGS

To everyone who so kindly assisted, and attended the various Cottage Prayer Meetings during the past week, the chairman in behalf of the committee assigned to this work begs to thank you.

From the reports handed in by the four superintendents, I am happy to announce that much interest was manifested at all the meetings.

Below is a condensed report of the sixteen meetings that were held.

Attendance ..... 150  
Prayers ..... 50  
Sentence prayers, quite a number.  
Many interesting talks.  
Trusting that the efforts already put forth may lead to a great revival in our midst, and cordially inviting all who can to attend the meetings which commence Wednesday night, the 18th at 8 p. m.

I am sincerely yours,

H. L. HALL.

## CURE OF DESTROYER OF MELONS IS DISCOVERED

(By International News Service) URBANA, Ill., June 17.—A dust that is sure death to the black-and-yellow-striped cucumber beetle, the pest that annually plays havoc with cucumbers, squashes and melons, has been developed by the entomologists of the State Natural History Survey and the University of Illinois. The dust, composed of one part calcium arsenate and twenty parts gypsum, has proved superior to many other poisons and sprays in five years of tests and experiments. The material is simply dusted over the young plants to be protected, and the beetles eat and die.

W. M. Miller of Dallas has accepted a position with the Mexia Battery and Tire Company and will have charge of the office. He is a stockholder in the growing concern and J. W. ## ALIENIST CALLS LEOPOLD "A MORAL MONSTROSITY"

Asserts That Loeb, as Tool of Pal, May Deserve Leniency in Franks Slaying Case.

By P. M. Lichtenstein, M. D., LL. B. (Physician, Tombs Prison, Alienist and Extensive Writer on Criminology) (Written for International News) NEW YORK, June 17.—It is often difficult to distinguish between badness and madness, particularly when moral defectiveness is being considered. A moral defective is not legally insane, unless such defect is part of a true insane condition or associated with "morbidity" or "idiotcy" so as to render the subject incapable of sound judgment and reasoning.

Such is not the case as concerns Leopold and Loeb. Both are above the average in intelligence, and the former appears to be unusually clever. He is, however, a moral monstrosity. Facts in the case lead me to believe that Leopold was the stronger, dominating mind, and that Loeb was but a tool who feared and worshiped Leopold and was willing to do anything that was requested of him. From my experience in observing moral defectives I believe Loeb worshiped Leopold as a hero.

Leopold had for years shown that he was morally weak. Excessive drinking and his boasts concerning the same, the killing of birds and impaling of insects are all evidences of a morally weak nature.

Evil Associates. What about the theory that home environment is the most potential cause in the production of criminals? Here are two boys who had everything their hearts desired. Their parents are respectable people. The boys were given a liberal education. Everything was done to make them useful citizens, and yet, with what results? To what are we to attribute their acts? In order to derive the benefits of an education and to become a useful citizen it is necessary for the moral sense to be inborn.

Will power and self control must be inborn. In other words the seed must have the proper soil in order to produce the best result. It matters not what the environment be, what efforts the parents make to aid the child, nor does it matter what the facilities for education are.

If the moral sense is not inborn the child will not be a moral citizen. Immorality may, however, be the result of evil associations, and it is my opinion that this is true of Loeb.

The morally defective individual may have absolutely no motive for his acts and the crime he commits may bring him no benefit. He never stops to think that it is against the law; that it will bring disgrace and agony to his parents.

Cites Waite Case. It is strange that so much of moral defectiveness is found among the educated. For brutality and utter disregard for humanity and moral principles there is no better comparison to the Franks case than is the case of Dr. Arthur Warren Waite, who killed both his mother-in-law and father-in-law and had planned to kill his wife when he was apprehended. Compare the two.

Waite planned for months to slay his victims so as to get their money. He in fact married the daughter with the object in view of gaining control of her parents' wealth after their death, when all the money would become hers. Leopold and Loeb planned for months to kill some child. They planned every detail, even to the hiring of a car, writing letters, etc.

Waite was an educated man, a dentist. He was pleasing in disposition and a favorite in his home town. Both Leopold and Loeb have pleasing personalities, and were well liked. Waite took real pleasure in

telling of the various steps in the murder.

Loeb Is Wretched. Leopold and Loeb, particularly the former, seemed to be unaffected and in fact showed considerable bravado. Waite was found sane and electrocuted.

Loeb, away from the influence and domination of Leopold, is likely a person awakening from a dream.

He says: "I want to say that I offer no excuse, but that I am fully convinced that neither the idea nor the act would have occurred to me had it not been for the suggestion and stimulus of Leopold. Furthermore, I don't believe I would have been capable of Franks."

He is wretched and cannot seem to understand how he was ever persuaded to engage in such an act. Leopold cares little for death. He loves notoriety, and I will make the prediction that if he receives the extreme penalty he will not shrink when the fatal moment arrives.

Our system of education is in great measure the cause of moral defectiveness in the young. Too much attention is paid to the development of the mentality, whereas no attention is paid to moral development. Children are so overburdened with work that they have little time for play.

Would Be Sane Here. The result is that they become seclusive and neurotic. A neurotic child readily adopts immoral practices. There is no doubt that were the crime committed in New York, both boys would be declared sane.

They knew the nature and quality of their act and knew the difference between right and wrong. This is proven by their careful preparations, their intent and the precautions taken to avoid detection. They were not suffering from delusions or hallucinations and were in no way dominated by such factors in committing the act.

They are above the average in intelligence. Concerning their present mental state I am of the opinion, taking into consideration all the facts so far published, that they are able to consult with their counsel in the preparations of their defense. This would make them legally sane in our State. If leniency is shown it should be to

# OKLAHOMA'S BIG HARVEST NOW STARTED IN EARNEST

OKLAHOMA CITY, June 16.—An army of harvest hands invaded the Oklahoma wheat fields today, and started gathering the 1924 crop estimated at 41,930,000 bushels.

Several thousand harvest hands from southern states have been imported to help in the cutting which began generally today in north central Oklahoma. According to labor agencies there will be a surplus of harvest hands in the state until June 25 when the cutting starts in northwest Oklahoma.

The Kansas harvest will be on at that time, and with many of the Oklahoma workers heading northward, it may be necessary to stem the tide, or appeal to outside States for help in completing the harvest.

In many of the wheat counties, the crop was being gathered solely by the farm owners and their regular help. This was done where the acreage was small and the wheat growers cooperated by exchanging work.

Oklahoma's crop this year will exceed last year's production by 7,630,000 bushels, according to Government statistics. This is an average yield of 33.8 bushels an acre. The average production in Oklahoma since 1915 has been 10.5 bushels.

The yield was varying, some sections reporting that the hot dry wind of the past two weeks had damaged the ripening grain. The exceptional yield in other fields, however, increased the average and some wheat growers were getting as much as 25 bushels to the acre.

The Oklahoma wheat growers' association, a cooperative organization has made contracts with its members to place their wheat in storage for several months. Storage will begin on July 15, and a bonus of two cents a bushel a month will be paid for the first two months of storage and a cent a bushel for each month after Sept. 15.

The object of the storage is to enable the farmer to get a better price for his wheat. Several of the wheat growers in Oklahoma have erected huge elevators on their farms. Others will haul their wheat to the nearest elevators of the association, maintained at various junction points throughout the state.

COW TOSSES ITS BUTCHER (By International News Service) GALVA, Ill., June 17.—While butchering a cow, Ralph Barlow, a Galva butcher, nearly butchered himself. The cow had been shot and was down, but when Barlow attempted to cut its throat with a knife, the animal tossed him into the air. In falling he cut a gash in his leg with the knife that required nine stitches to close.

# REV. MARCUS VAUGHN RESTORED BY KARNAK

Rev. Marcus M. Vaughn, 5331 Larkin St., Houston, widely known Presbyterian minister who, because of ill health was forced to give up his ministry four years ago, now adds his name to the thousands who are praising Karnak, the sensational new medicine for their return to health.

"I had suffered from a chronic form of nervous indigestion for fifteen years," says Dr. Vaughn's statement, "and finally became so weak I frequently was confined to my bed. My digestive organs just seemed to

have quit functioning and my nerves were so bad it was impossible for me to even write a letter. Medicines and treatments seemed to do me no good and I had given up hope of getting well.

"But Karnak has succeeded where everything else failed and I am again enjoying my old time health. It is a wonderful blessing to have a medicine like Karnak and it is a pleasure to tell others about it."

Karnak is sold in Mexia by the Mexia Drug Co.—(Adv.)

### THE CITY MANAGER PLAN

The City Manager Plan is a small council elected on a non-partisan ticket with functions confined to legislation. The council appoints the city manager and supervises him, instead of being active departmental executives, as under the commission form. The city manager can be removed at any time by the council. He is a full time executive head, chosen upon the basis of experience and ability, and not because of political considerations. The work of the city is organized into departments, the head of which are chosen by the manager. The organization is similar to that followed by successful business corporations and other associations.

H. W. Dodds, Secretary of the National Municipal League, offers the following arguments for the City Manager Plan. The manager is appointed, not elected. High grade administrative ability is not secured by election. The public are competent to pass on personalities and policies, but do not have the time to study individual fitness for an administrative post. This is best done by a small group who are intimately familiar with the job requirements and can study carefully the merits of each applicant.

City Managership is now a profession, and each Manager's success and his hope for promotion to a higher salary or a larger city depend upon his results, and not upon political favors or political service.

Most city problems relate to administration of city services, and a premium is put on efficiency, since the manager can be discharged at any time. This keeps him democratic and responsible to the council, who are in turn chosen by the people.

The Manager is not an amateur. Many have been serving for years. Many have been called to better jobs as Managers in larger cities on account of their reputation for service.

All city activities are coordinated to the best advantage under a central supervisor. There is no division of function or responsibility.

A small council being the only elected officials, the people can concentrate attention upon a few candidates and their fitness to frame policy, without being confused by administrative considerations as well.

Arguments against the plan are summed up as follows: The plan is not democratic, because the manager is not elected directly by the people. He may be an out of town man and out of touch with local sentiment. The Manager has too much authority and will "put things over" on the council, or the council will interfere too much and hamper the Manager. The Manager cannot engage in politics, as can the mayor, and the city is therefore without any outstanding political leadership such as a mayor gives.

### ARE CHAUTAUQUAS REALLY ALTRUISTIC?

The Calvert Tribune says that the Radcliff Chautauqua Company closed its engagement there for the season recently. A financial deficit resulted, despite the fact that a little handful of people worked days and nights without pay to put the event across for their community. The advance sale of tickets was discouraging and the total receipts did not meet the contract price. This experience is not confined to Calvert. There are very few towns in the state where contracts for Chautauquas have been signed but that the contract did not have to dig down deep and pay off. They usually sign up, knowing that they are going to have to pay part of the contract price and in so doing usually withdraw that much support from some local permanent worthy organization.

Chautauquas are usually heralded in literature printed outside the cities and towns where they receive their support and patronage, as exceedingly altruistic. No doubt they are, but they demand pay before they act and if they are not assured that they are to receive the specified amount, they won't come.

A pastor of a church takes an appointment, knowing that he will be paid probably so much, but he does not receive a written guarantee of a single penny. He is truly altruistic. If he gets his salary, he is happy. If he does not, he does not murmur.

The Chautauqua comes along and signs up for a few days of entertainment and the contract calls for as much money, generally sneaking, as any single local pastor gets for six months of hard labor.

The answer usually given is that a cheap carnival can come along and clean out with more money than the Chautauqua gets away with. But the comparison is not applicable. Very few people who attend cheap carnivals ever set their foot under a Chautauqua tent.

A few good women and one or maybe two earnest men generally get together to try to sell enough of tickets in advance to put the entertainment across. Then comes the Chautauqua. The newspaper is called upon to devote columns of space to reading matter and pictures about the event, for which it never receives a dollar, while literature printed elsewhere pours in to decorate the streets and tell about the various programs. Somebody is called on to donate a piano. The men of the town are asked to report between certain hours to help set up the tent, while the ladies of the community are asked to attend to the decoration of the stage. The children are organized into booster bands, going to more expense all the time, and then comes the opening day with half of the tent empty. The week rolls by with lots of people worrying their heads off and their hearts out and saying "never again." The high salaried artists, in the business for the money they get out of their experience rather than for the good they can do, then come

along and spend a few dollars here and reserve the rest to spend somewhere else. All the while, perhaps the local pastor, the good women and those truly altruistic have not received a penny for what they did to make the Chautauqua whatever success it was.

Such an editorial as this may seem out of place in The Mexia Daily News. It always tries to stand for those things that uplift and build a better community. And in this case, it may seem that it is opposing Chautauquas coming to Mexia. But it is not. It is simply stating that Chautauquas apparently have little regard for the communities which they propose to serve when they refuse to show at a place without a written guarantee by the citizens that they will receive so much per Chautauqua. Why don't they stand on their own bottom, like any other wholesome institution, and exist on what they really earn and quit going around over the country and making the other fellow "dig up" to pay for their "humanitarian services"? If they can't stand on their own bottom, they don't deserve to stand, for there are other causes, much worthier, which suffer when they are "paid off." At least let them quit posing as being what they are not.

You're right, we've "paid off"!

### G. O. P. PROSPECTS VERY DIM

The closing of the Republican convention finds prospects brighter than ever for the triumph of the Democratic party. The well oiled Coolidge machine moved speedily along its cut and dried program, as to party platform, as to committeemen and committeewomen generally and as to the nomination of President Coolidge as presidential standard bearer. The only bit of work not comprehended in the program was that of the selection of a Vice President. The fight, the shying away from that job by so many and the ultimate results show the confusion and doubt that exists in the Republican ranks. (It has been said here that the job was offered most everybody except Postmaster Isidore Newman of Mexia.)

Why did the outstanding men of the party show a disposition to shrink from the nomination as candidates for the Vice Presidency?

To those who ask the question, there can be only one answer: the leaders of the party even see disaster ahead of the Republican ship of state and none of them wanted to be aboard as a candidate for second place when the ship goes down in the coming elections.

Whether they are right in the feeling that failure stares them in the face all depends upon what the Democratic party does in New York. If the Democrats select as their standard bearers, William Gibbs McAdoo and Vice Presidential candidate of similar faith on political issues of the times, there will be no barrier in the way of success. If the party writes a wet plank, and selects a wet candidate, however, the Republicans will take on new hope, and they will win.

# COTTON MILL TO START UP IN FEW MORE WEEKS

Sanford Smith, Secretary-Treasurer of the Mexia Cotton Mills, in a letter just sent out to subscribers to stock states that \$78,975 has already been subscribed, which represents almost the total of two installments of ten per cent. The third installment is now due. J. Perry Burrus of Dallas spent last Friday with the local Board of Directors and went over the subject thoroughly. He is of the opinion that the work of construction on the mill may begin within the next few weeks. A site is understood to have been tentatively agreed upon and arrangements are now being made for switches and machinery and other materials are being looked into. About 165 subscribers are on the list and according to Mr. Smith, all but a few of the smaller ones have already paid their two installments called for and those who have not will likely do so at an early date. The payment of the third quota is urged in order that no delay may follow when actual construction is under way.

# Germans Despair Of Their Future

By CARL D. GROAT  
(United Press Staff Correspondent)

BERLIN, June 17.—Vastly more Germans want to emigrate to the United States than the new immigration bill will permit.

The Berlin American consulate stated today that every consulate is swamped with applications. In fact, they were "overst" at least two months ago, while the requests still are continuing.

As soon as the new regulations are received here, the Berlin consulate will begin an apportionment of visas for the lucky ones. So far, no complete tabulation of applications has been possible.

Through the general economic situation has improved vastly since the last quota was exhausted, the wanderlust grows steadily.

This is due to the conviction on the part of thousands that, in this generation, they will never be able to live comfortably or at least not be able to save anything for old age.

Young couples wanting to marry are confronted with the literal impossibility of finding dwellings at either high or low rates. Forward-looking people estimate that reparations will drain the country to such a point that, while all can live, the masses will have to limit their standards to even more modest levels than they knew before the war.

These thoughts are the compelling reasons for the heavy emigration flood. North America is the chief goal of those with wanderlust, but Brazil and Argentina also lure many.

Last year, 115,000 emigrants left Germany, including 68,000 for the United States.

# Unique Organization Holds Radio Sessions

DALLAS, Texas, June 17.—Probably the most unique club in Texas is presided over by Rush Hall, Dallas high school student and radio fan.

Every Sunday afternoon, Hall with his station 5RT calls the roll of club members in a dozen Texas counties and North Texas Radiophone Club is in session. After sounding the call several times over his powerful set, Rush announces that he is "standing by" for members to come in. Then from all parts of Texas come responses as each member announces he's "present."

Only one member is allowed to "take the air" at a time. The members swap yarns, adopt resolutions, and conduct parliamentary business over the radio.

Rush says the club isn't exclusive. All that is needed is a radio set, any any radio fan can be a member. The organization is growing rapidly.

# SUMMER SCHOOL IS GOING ON IN CITY

George Perkins, Principal of the Summer School being taught at the McKinney Street School, states that the work is progressing nicely. The school opened the first of last week. The daily sessions are from 7:30 to 12 in the mornings, five days each week. Miss Mavis Ward is assisting in conducting the school.

## PURE OIL EMPLOYEES TO HOLD ANNUAL PICNIC SATURDAY

### Baseball Game With Tulsa To Feature Big Day

The annual picnic of the Pure Oil Company Employees and their families is scheduled for Saturday, June 21st, and the exclusive use of the Joe Johnston Post Reunion Grounds has been given them for this date. All the employees, including those of the local office, the Mexia field, Currie, and Powell, together with their families are expected to fill the grounds on this occasion and to enjoy the elaborate preparations and program now under way.

One of the outstanding features of the program is to be a baseball game between the Pure Oil Company team made up from the field employees of the company in Mexia and Powell, and the Tulsa team. The game is to be played at League Park at 9:30 a. m., Saturday. The local team has been cleaning the opposition with considerable regularity this spring and the Tulsa team last year won the City Championship so a good game is in prospect. An invitation to the game is extended to the entire baseball loving public.

The Tulsa team, accompanied by a few loyal supporters, are expected to arrive in Corsicana Friday noon where they will be met with automobiles from the local office and be brought to Mexia, making an inspection tour of the Powell Field en route.

#### SARANAC TO GIVE POWER BOATS A CUP

SARANAC LAKE, N. Y. (United Press.)—A long cherished plan of the power boat owners of the Saranac chain for a gold challenge cup race for the speed boat championship of the Adirondacks is on the verge of becoming reality.

Plans call for the holding of the race each year on the waters of Upper or Lower Saranac Lakes, Lake Placid and Upper St. Regis Lake, each of the resorts to have the race in turn.

The trophy planned will be one of the most valuable offers for power boat races. Some of the fastest speed boats in the world are owned by wealthy Adirondack campers. Most of the boats are of the type that may be moved easily from lake to lake on large motor trucks.

The race is being promoted by the Saranac Lake Boat and Waterways Club. This years race will be at Lower Saranac Lake, at a date not yet decided upon.

### CURTAIN FALLS ON FRENCH BOXERS

By FRANK GETTY  
(United Press Staff Correspondent)  
NEW YORK, June 14.—The ring careers of the two best fighters France has developed came virtually to an end within 48 hours.

Georges Carpentier, former world's light-heavyweight champion, ended his at Michigan City when he lost somewhat ignominiously to Tommy Gibbons.

Two days later, Eugene Criqui, gallant featherweight who lost his title in that division to Johnny Dundee here last year, foreswore the ring forever after a knockout at the hands of Darryl Frush.

Carpentier may go on fighting; probably he will win more bouts before he finally passes out of the picture. But his last chance for real ring fame ended when he took a bad beating from Gibbons on Decoration Day.

Poor Gene Criqui is definitely through. No one who saw the brave fight he put up against Dundee in New York, staggering, blinded, about the ring and refusing to quit, can help but sympathize with stout-hearted little Frenchman when he says:

"I'm through. You won't see me getting knocked out from ring to ring. A better man beat me (this was after the Frush fight in Paris) and I've no excuse. No broken hands—no broken heart."

#### GOLFERS ASK CHANGE IN RULES FOR OPEN

By FRANK GETTY  
(United Press Staff Correspondent)  
NEW YORK, June 17.—The sectional qualifying idea having had a lukewarm welcome among golfers who participated in the National Open, the committees of the United States Golf Association and the Professional Golfer's Association of America are casting about for some more satisfactory system of weeding out aspirants for the open title.

A British plan, with tests held in two days and the scores counting for the championship proper, has been advocated and is certainly worth a trial. This would require a 36-hole layout, but such sites are available, and certainly some of the complaints heard against the sectional system tried this year equalled those against the procedure at Skokie in 1922 and Inwood in 1923.

"I've had my day, been champion of the world. Now I'm not good enough any more. I'd have gone back to the United States and had another trial for the title if I'd beaten Frush, but I couldn't."

Thus passes Criqui, a fighting Frenchman. Gene was a real fighter, maimed in the world war so that his whole jaw was shot away. Surgeons patched him up, putting a sheep's bone in place of the little fighter's jaw.

Criqui returned to the ring, fought his way to the top, despite his wounds, came to this country in 1923 and won the world's featherweight title by knocking out Johnny Kilbane. Then came the match with Dundee. Instead of returning to France to gather in plaudits and francs as world's champion, Criqui consented to meet the Scotch-Wop a few weeks after the Kilbane fight. He received a terrible beating, from which he never recovered.

Criqui was probably the best "little man" developed in France. He showed himself equal to the gamest of any class in any country when he lost to Dundee. And when he went down, in the 8th round, after another merciless beating by Frush, Criqui never complained. He did say that it was the beating he took from Dundee which cost him this, his last fight.

four days preceding the open championship, which the entrants usually devote to practicing on the course in question. According to the distance they travel, therefore, 10 and even 15 days are required of many professionals away from their clubs.

Loss of time, loss of earnings, plus a necessary addition to expenses in the form of hotel and travel bills, caused a demand for a change. Hence the sectional qualifying plan.

Another objection to the old system was that with three days devoted to qualifying, those who drew starting times for the first day had to remain around idle for two days until the championship proper started.

This year, therefore, qualifying rounds were played at Worcester and Oak Park. Most of those who participated, however, put in an appearance three or four days ahead of time, to get accustomed to the course, and many went directly to Detroit from their qualifying course, so that more time, if anything was consumed than under the old plan. The contestants devoted extra days to getting used to two courses instead of one.

Moreover, in the matter of railroad fares, expenses proved equally heavy for most under the new sectional plan, and for some the expense was much greater.

### NOTICE OF CHARTER ELECTION

An ordinance ordering an election in the City of Mexia, Texas, to be held on the 7th day of July, 1924, for the purpose of submitting to the qualified voters of the City of Mexia, Texas, for the adoption or rejection of the proposed charter, prepared and framed by the Charter Commission heretofore elected, and designating the places at which said election is to be held, and appointing presiding officers thereof and declaring an emergency.

WHEREAS, on the 11th day of February, 1924, the City Commission of the City of Mexia, Texas, duly enacted an ordinance, submitting to the qualified voters of said City, at an election ordered and held for the purpose, on the 18th day of March, 1924, the question: "SHALL A COMMISSION BE CHOSEN TO FRAME A CHARTER?" and also providing for an election of fifteen members of a charter commission in case a majority of the votes cast at such election should be in favor of the choosing of such a commission, and which ordinance was duly approved and published and notices of such election were duly given as required by law; and

WHEREAS, said question was duly submitted and voted upon at said election in said city on said date, and the majority of the qualified voters voting at such election voted in favor of the choosing of a commission to frame a charter, and also a majority of the qualified voters voting at said election, voted in favor of fifteen citizens of said city to compose said Charter Commission; and

WHEREAS, on the 21st day of March, 1924, this commission considered the several returns and canvassed the same, and found that there were cast, at said election, six hundred twenty-seven (627) votes, of which number five hundred five (505) votes were cast for the choosing of a charter commission, and one hundred twenty-two (122) votes were cast against the choosing of a charter commission, and this commission thereupon, by resolution, duly entered, declared that the proposition so submitted was sustained and adopted by a majority vote of the qualified voters of said city, voting at said election; and

WHEREAS, the City Commission of the City of Mexia, Texas, has examined into and investigated the regularity of the proceedings for said election and finds that the same was duly and legally held, that the notice required by law to be given has been duly and legally given, and that said election was conducted in strict conformity with all the requirements of law; and

WHEREAS, each and all of said fifteen citizens, so elected, duly qualified as members of said charter commission, and met and organized the same, and duly proceeded to frame a charter for the City of Mexia, Texas, and heretofore, on the 27th day of May, 1924, as such commission, signed such proposed charter and duly provided for the submission of the same to a vote of the qualified voters of said City, at an election to be held upon the question of the adoption or rejection of such charter upon the 7th day of July, 1924; and

WHEREAS, the said Charter Commission provided that the present City Commission shall call an election for such purpose; and

WHEREAS, the said Charter Commission will ratify and confirm and make the enactment of this ordinance its act and deed, and will make such ordinance its order for such election, all of which will be evidenced by the signature of the members of said Charter Commission appended hereto under the words: "APPROVED BY CHARTER COMMISSION"; therefore, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA, TEXAS:

Section 1. That an election shall be held in the City of Mexia, Texas, on the 7th day of July, 1924, at which the following proposition shall be submitted:

"Shall the charter reported by the Charter Commission to the City Commission of the City of Mexia, Texas, on the 27th day of May, 1924, and which had been prepared by the Charter Commission duly elected by the qualified voters of the city of the 18th day of March, 1924, be adopted as the charter of the City of Mexia, Texas, as contained and authorized by the Constitution and laws of the State of Texas, including Chapter 147, Acts of 1913, Regular Session?"

Section 2. That the polling places and presiding officers of said election shall be, respectively, as follows: the polling place shall be at the City Hall, in the City of Mexia, and W. B. Kendrick is hereby designated as presiding officer.

Section 3. That said election shall be held under the provisions of Chapter 147, Acts of 1913, Regular Session, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission shall have printed on their ballot the following: "OFFICIAL BALLOT" "For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924." And those opposed shall have on their ballots the following: "Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

the time and place of holding the said election shall be given by posting certified copies thereof at the places designated for holding said election at least thirty (30) days prior to the holding of said election, and by publication of such notice not less than thirty (30) full days from date of election.

Section 8. The fact that the City of Mexia is at the present time without a charter and that the public interests require the adoption of a charter, creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage and approval.

Passed and approved this 27th day of May, 1924.

W. B. WATSON,

Mayor of the City of Mexia, Texas.

## BRIGHT DAY FOR N. Y. REGATTA

POUGHKEEPSIE, N. Y., June 17.—Regatta day dawned fair with ideal rowing conditions for the fifteen crews of six universities which will contest in three races over the Hudson today.

All morning long, pennanted yachts moved about the smooth expanse of water beneath the towering bluffs opposite Poughkeepsie, gradually forming the lanes down which the final stretch of the races will be rowed. Between 50,000 and 75,000 spectators were expected, if the weather held fair.

As for the crews themselves, they lolled about their training quarters, their hard preparatory grinds at an end, nothing to do but kill time until the starting bomb.

The Washington crew, champion from the coast and winners of the twenty-sixth annual intercollegiate regatta here last year, was a favorite to repeat its triumph. The Westerners were favorites at 2 to 1 over the big Penn crew, their strongest rivals.

Others in the varsity race, which starts at 6 p. m. daylight saving time, were Syracuse, Cornell, Columbia, and Wisconsin.

Coach "Rusty" Callow's huskies are not the smooth rowing aggregation that triumphed last year but there appears to be even more power in this year's boat. The Washington crew is not evenly balanced, one or two tall men in the waist upsetting the nice line of heads and shoulders displayed by some of its rivals in final practice, but Callow's men are probably more powerful and faster than any boat which will take the water today. Besides which, the Westerners have drawn the lucky lane No. 2.

Last minute shifts were made in some of the Eastern boats for the minor races, but all varsity eights remained intact.

Jim Rice, coach of Pennsylvania, and Jim Teneycke, Syracuse, reported that their charges were in good shape for the afternoon struggle. Dad Vail, Wisconsin coach, wore a long face and wasn't so confident about his crew's chances in the varsity event, but said the boys were fit and ready.

### SILVER NUGGET WEIGHING OVER TWO TONS SHOWN

LONDON.—A silver nugget weighing two and one half tons, from Northern Ontario, the largest ever taken from a silver mine is proving a magnet to thousands of daily visitors to the "Canadian Pavilion" housing the Dominion's exhibit at the British Empire Exposition.

The mineral display contains a scene depicting the Hollinger Mine, the world's premier gold producer; samples of coal from every producing mine in Canada, and displays of asbestos, nickel, mica, copper, silver, salt, gold, marble, granite and other building stone.

Dr. E. R. Biggs of Westminster College at Tehuacana was a business visitor here Monday.

HYMAN L. LEDERMAN, 172

Hyman L. Lederman, a Malden, Mass., real estate man, has been made beneficiary of the \$300,000 estate of an elderly woman to whom he was polite when he was assistant manager of a hotel in which she was a guest. However, he gets only \$100,000 in cash, the other \$200,000 to be paid him only after he is married. Lederman, who is 25, is looking for the girl.

## THEY FIGURE IN THE DAY'S NEWS.

Left: GEORGE E. CHESTERTON; HENRY CABOT LODGE. Below: PREMIER NITTI; MRS. FRANCES F. BERNARD

When the steam roller of William M. Butler, wealthy Massachusetts manufacturer, who is directing President Coolidge's campaign for re-election, flattened out Henry Cabot Lodge, Senator and prominent Republican, many years ago, he did not even murmur, thereby proving he could be a gentleman under all circumstances.

Mrs. Frances Fenton Bernard, formerly educational secretary of the American Association of University Women, is new dean of women at Smith College.

Francesco Nititi, exponent of peace and liberalism and former Premier of Italy, is an exile in Switzerland, because he opposes the high-handed rule of Premier Mussolini and his fascists.

Gilbert K. Chesterton, peaceful purveyor of platitudinous paradoxes, is ready to go to war with the United States if visiting Americans don't stop trying to make Britons supplant the heavy English breakfast with the lighter Yankee style.

### Deviled Eggs Are Meat Substitutes Of Great Value

DENTON, Texas, June 17.—Deviled eggs are always a good substitute for meat, and especially in early summer. Use as many fresh vegetables as possible. They are always inexpensive in season, and taste much better. Plan to have meals with dishes which may be made largely in the morning and kept in the ice-box until needed. One or two hot dishes are usually enough for each meal, and cold dishes are appreciated. Always plan to serve cold dishes cold, and even in hot weather serve the hot dishes hot, and not lukewarm.

**Breakfast.**  
Cantaloupe  
Broiled ham biscuits, butter  
Coffee  
Lunch.

Deviled eggs in lettuce nests  
Buttered Rice  
Graham bread Butter Relish  
Frozen Peaches and Cream  
Dinner.

Meat loaf with tomato sauce  
New potatoes and string beans  
Cucumber salad French dressing  
Bread Butter  
Pineapple Bavarian Cream  
Deviled Eggs.

Hard cook eggs, chill and remove the shell, cut in halves lengthwise. Remove yolk and mash fine. To the yolks of six eggs add:  
3 T. grated cheese  
3 T. green olives cut from pit  
1 T. vinegar or lemon juice  
½ T. dry mustard

Melted butter to make a creamy consistency. Refill the whites and serve in lettuce leaves.

**Breakfast.**  
Sliced peaches sugar and cream  
Buttered toast Bacon  
Coffee  
Lunch.

Tomato rarebit  
Lettuce sandwiches (Graham bread)  
Orangeade Marguerites  
Dinner.

Broiled steak with brown gravy

**At gratin potatoes** Fresh butter beans  
Peasant salad  
Hot rolls Butter  
Lemon ice Sponge cake  
Russian chocolate  
Russian Chocolate.  
Mild, refreshing and a good way to increase the amount of milk used. Two cups chilled cocoa; 2 cups cold coffee. Mix add crushed ice and serve with whipped cream.  
**Peasant Salad.**  
Fresh crisp lettuce garnished with thin slices of radishes, green onions and cucumbers. Serve with french dressing, or one may substitute hot bacon fat for the salad oil in making the dressing and pour it over hot and serve at once.

### CASH RESULT IS SHOWN BY SCIENTIFIC FARMING

(By International News Service) URBANA, Ill., June 17.—After managing their farms by up-to-date methods, eight Wabash County farmers found they each had \$1,500 more in their pockets at the end of the year than eight of their neighbors who did not follow the approved methods, according to a summary made public recently by M. L. Mosher, farm management specialist of the University of Illinois.

The farmers who pocketed the highest returns earned an average of 6.9 per cent on an average investment of \$22,505, while eight neighbors averaged only 2.10 of 1 per cent, a difference of 0.7 per cent.

The cause of low incomes on many farms could be traced directly to low yields, to careless handling of livestock and to inefficient use of man and horse labor and tractor power, Mosher said.

Alfalfa played a big part in swelling returns on several of the farms. Successful poultry flocks also helped some farmers.

election. At present, it is understood that several Mexia citizens are expecting to be present at the Convention. Albert H. Berry, Rotary delegate to Toronto, may return by way of New York in time to look in on the political pot. Mrs. W. B. Landrum expects to be present during the convention. Mr. Landrum will also likely attend. Mr. and Mrs. E. L. Smith may be able to attend, as they are expecting to be in the convention city sometime during their vacation.

The contest is growing "fast and furious." Franklin D. Roosevelt declares that the maximum McAdoo strength will be between 450 and 500 votes, which he says is about a hundred less than a bare majority. Thos. B. Love, of Dallas, Dr. R. B. Jackson of Mexia, and other stalwarts of the party never hesitate to say that McAdoo will win on an early ballot and then will sweep the country with enough votes to land him in the White House. William Jennings Bryan declares that it will be McAdoo or some other democrat equally dry. He is under instructions to vote for McAdoo as are the 40 Texans. National

Prim Prest.

Committeeman Norman Mack of New York is positive that Governor Alfred Smith will be the nominee. On the other hand newspaper correspondents who have more silver hairs than silver gained during a lifetime of service writing up conventions are dishing out the reports that McAdoo and Smith will be tossed aside and a dark horse will be given the prize. All in all, it is likely to be a race the like of which has never been seen in a Democratic convention hall, unless Dr. Jackson is right and McAdoo wins early in the contest.
